On with the Show!

As WITH many businesses and not for profit organizations, Covid 19 has affected NFLT'S well-being and left our coffers next to empty.

We are now calling on you, our faithful supporters, to help us get back on our feet and "On with the Show"!

And what a special show we would like to get on with! Our spring production, "The Red Lamp," will not only see us back on the stage after two years absence, but will also mark a very important 100th anniversary in our community. (More to come on this!).

So come out to our "On with the Show" fundraiser. Through your generosity, NFLT will persevere and do what we love to do: provide entertainment through live, community theatre!
